

Woodlawn Chamber of Commerce Presents: Use the Power of Google Ads for Your Small Business

Do you want to increase your business' online success? Then consider using Google Ads to help. Google AdWords is a comprehensive online advertising service that allows entrepreneurs to display ads to users. Google Ads makes marketing much easier for business owners. These services let businesses market to targeted audiences. This seminar is part of the Woodlawn Chamber's effort to help businesses expand their digital presence through hands-on training in web and social media platforms. We will discuss online marketing strategies that will help you recruit new online customers. Share this event information with others. [Click Here to Register!](#)
